SUBJECT: Recycling Questionnaire

Session Law 2001-512 Senate Bill 1014 directed the State Board of Education to report on the recycling efforts of the public schools in North Carolina. Furthermore, the law states that the State Board would report the number of public schools that have recycling programs and the types of all the materials that are collected. This report is due to the Joint Legislative Oversight Committee and the Environmental Review Commission by December 15, 2005 through December 15, 2007. As such, all LEAs **are required** to complete the information requested.

In order to stick with the recycling theme, this year we decided to conduct the survey on the internet. The link for the survey is <http://www.zoomerang.com/survey.zgi?p=WEB226EGDTGY3R>. Please complete one questionnaire per LEA and submit no later than October 19, 2007. You can also find a link to this survey at www.schoolclearinghouse.org. If you have any questions or concerns regarding this questionnaire, you may call Daniel Boyette at 919-807-3556 or Ben Matthews at 919-807-3501. Thank you for your assistance with this report.
